

1. Nature of Service: This Power Supply Agreement ("Agreement") is by and between Entrust Energy East, Inc. ("Entrust") and the buyer named on the Pricing Attachment ("Buyer"), and consists of these Terms and Conditions and the Pricing Attachment. The Agreement shall become effective only upon (i) execution by Buyer of the Agreement; and (ii) the execution of this Agreement by Entrust. Upon such effectiveness, Entrust will provide electric generation services to meet Buyer's full electricity usage requirements at Buyer's Facility(ies) and Buyer will receive and pay for electric generation services to meet such usage requirements. Entrust will cause Electricity to be delivered to the Host Utility for ultimate delivery to Buyer's Facility(ies). Title to, control and possession of Electricity shall pass from Entrust to Buyer at the Point of Delivery to the Host Utility. As a condition to Entrust's obligations hereunder, Buyer must be accepted by Entrust and the Host Utility to receive a consolidated utility bill for Entrust's electric generation services and delivery services provided by the Host Utility.

Buyer represents and warrants that electrical usage, in aggregate, at all of Buyer's locations within a Host Utility's service area exceeds the Minimum Usage Threshold ("MUT") of 700,000 kWh/year. Upon request by Entrust, Buyer shall provide evidence sufficient to prove that Buyer's usage within a Host Utility's service area exceeds the MUT.

2. Qualification: Buyer authorizes Entrust to obtain account and usage information for Buyer's Facility(ies) from the Host Utility and will provide required documentation where necessary. It is expressly understood that Entrust's provision of electric generation services is contingent on receiving this authorization.

3. Term: This Agreement shall be effective upon execution of the Agreement by both parties. Term shall start in the start month referenced in the Pricing Attachment. Entrust shall use reasonable efforts to commence service on the Facility(ies) first available meter read date in or after the start month stated on the Pricing Attachment. However, Buyer acknowledges that the commencement of service hereunder is dependent upon confirmation by the Host Utility of the completion of all required enrollment processes. Service shall continue for the number of months stated in the Pricing Attachment (the "Term") unless sooner terminated as provided herein. At the end of the Term, this Agreement shall automatically continue on a month-to-month basis ("Monthly Renewal") under a Variable rate as set forth in Section 4.

4. Price: Buyer's price ("Contract Price") and price structure will be confirmed on the Pricing Attachment. Price structure may be either (a) Pass Through – where the Contract Price is as indicated on the Pricing Attachment and will not change during the Term except in the case provided for in Section 8; or (b) Variable – where the Contract Price may be adjusted monthly to reflect market conditions, including market pricing of commodity, transportation, profit, and other market factors, and where service continues on a month to month basis cancellable by the Buyer at any time without penalty. The Contract Price includes Energy procured; plus costs for Ancillary Services; losses; Capacity; any applicable network integration transmission service charges ("NITS"); Independent System Operator charges; Commercial Activity Tax ("CAT") and Entrust's fees. Any sales taxes, transactional taxes or other governmental or regulatory imposed taxes or surcharges to which Buyer may be subject which are not included in the Contract Price shall be passed through to the Buyer. The Contract Price shall not include any charges for delivery services provided by the Host Utility.

Buyer acknowledges that any other costs assessed by the Host Utility or any third party as a result of the provision of services hereunder, are not included in the Contract Price and shall be the responsibility of Buyer.

5. Billing and Payment: Buyer will receive from Host Utility a monthly invoice, incorporating both the services provided under this Agreement and Host Utility charges, in accordance with the Host Utility's meter reading and billing cycle schedule. Entrust shall have the right to assign to Host Utility all amounts due from Buyer to Entrust and Buyer is to remit payment in full to the Host Utility. If Buyer fails to remit payment in full in any month, a late payment charge will be assessed at the same rate and in the same manner as Host Utility applies late payment charges to its unpaid charges. The Host Utility may, at its option, disconnect all services to Buyer for any failure by Buyer to make full payment of all amounts billed in accordance with the rules of the applicable state utility commission. In the case of such disconnection, Buyer shall be responsible for any and all charges required to reconnect service. If Buyer is disconnected, this Agreement shall terminate and Buyer shall be responsible for Actual Damages. If for any reason during the Term of this Agreement, Buyer is terminated, suspended or withdraws from the utility consolidated bill program, Entrust, at its sole option, may either terminate this Agreement, in which case Buyer would be responsible for Actual Damages, or continue to

provide electric generation service to Buyer on a dual bill basis. If Entrust decides to provide a dual bill, Entrust will bill Buyer directly for electric generation service and the Host Utility will bill Buyer directly for the Host Utility's delivery charges.

6. Credit: Entrust may request that Buyer provide financial information sufficient for Entrust to complete a credit review at any time during the term of this Agreement if Entrust has good faith concerns about the Buyer's ability to pay a Host Utility or Entrust invoice and requests reasonable credit assurance. Buyer's failure to provide the requisite credit assurance shall be an Event of Default and Buyer shall be responsible for Actual Damages in liquidating the Electricity purchased to serve Buyer under this Agreement.

7. Load Change Information: In order to assist Entrust in providing accurate expected usage information to Buyer's Host Utility, Buyer shall timely notify Entrust of any anticipated significant changes in its actual usage. Without limiting Buyer's obligation to provide such notice, Buyer shall give Entrust at least thirty (30) days' notice ("Notice of Load Change") prior to removing a Facility(ies) from service hereunder as a result of ceasing operations (closing of the Facility(ies) or sale of the Facility(ies) to an unrelated third party) at such Facility(ies). Buyer shall be responsible for payment of any Actual Damages incurred by Entrust, if any, as a result of any such changes.

Also, if Buyer has a change in operations that results in a 100% or greater change in monthly usage and/or capacity or transmission obligation, Entrust may pass through any increases in cost that result from such a change to Buyer. If Entrust elects to pass through such cost increases, Entrust will calculate the amount of such costs in a commercially reasonable manner and submit an invoice to Buyer.

8. Change in Law: If regulatory changes shift costs from the Host Utility or ISO to Entrust, then such costs may be passed through to the Buyer. If any laws, orders, decisions or regulations are passed, modified, implemented or interpreted differently by judicial or regulatory administrative proceeding or legislative enactment, or if there is a change in rate class which applies to Buyer's Facilities, or any changes are instituted to the utility consolidated bill program which creates additional costs not currently included in the Contract Price or increases in the regulated cost components of the Contract Price ("Incremental Charges"), then Entrust may pass through such Incremental Charges to be paid by Buyer in addition to the Contract Price and in accordance with the payment terms in this Agreement.

9. Limitation of Liability Disclaimer: EXCEPT WITH RESPECT TO REMEDIES OTHERWISE SPECIFICALLY PROVIDED FOR IN THIS AGREEMENT, LIABILITY IS LIMITED TO DIRECT DAMAGES AS THE SOLE AND EXCLUSIVE REMEDY AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE EXPRESSLY WAIVED. ENTRUST MAKES NO REPRESENTATIONS OR WARRANTIES OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT, AND EXPRESSLY DISCLAIMS AND NEGATES ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

10. 11. Effect of Termination: In the event of termination as provided in this Agreement, all further obligations of the parties under this Agreement shall terminate without further liability of the parties, except for the payment by the owing party of any sums due and owing to the other party for services rendered prior to the termination date, any Actual Damages (in the event of termination under subsection (ii) or (iii) of Section 10 above), any confidentiality obligation of either party which has arisen hereunder and any other obligation hereunder which by its nature survives the termination of this Agreement.

12. Applicable Law: As to all matters of construction and interpretation, this Agreement shall be construed, interpreted, and governed under and by the laws of the state of the Host Utility, without regard to its choice of law provisions.
